Democrats Hopeful.

Haven, Conn., Nov. 5.—Con-republicans are confident of ing their majority of the last years and that Col. Rollin S. t. of this city, will be elected y, while the democrats express es as hopeful of success. The in the senatorial fights in car- icts does not diminish as the draws near, and the demop- ect to carry more districts t year and also to show an

increase in the house of representa-tives.

Maryland Politics.

Baltimore, Md., Nov. 5.—The con-gressional campaign in Maryland really closed last Saturday. Today was devoted by the committees to preparations for to-morrow's contest. The democrats say they are sure of carrying the second and fourth districts, while the republicans declare themselves as equally certain of winning the first, fifth, and sixth. Both sides claim the third but in the opinion conservative politicians the democrats stand the better chance of winning.

Hughes' Odds Dropped.

New York, Nov. 5.—Several bats at 5 to 1 that Hughes will be elected Governor were made about the curb market in Broad street today. The odds then dropped to four and a half to one. Charles F. Murphy, leader of Tammany Hall, said today: "After opening the envelopes turned in by the district leaders on Saturday, I am confident that Mr. Hearst will carry New York city by as big a plurality as that given to Bird S. Coler in 1902."

Coler's plurality for governor in 1902 was 122,724.

Police Commissioner Bingham, to-day, ordered the transfer of four thousand policemen who will be on duty at the polls on election day. The transfers are for that day only. Each policeman will be allowed four hours to return to his location district and cast his vote.

Woodruff Confident.

Timothy L. Woodruff, chairman of the republican state committee, said today that he regards the election of Charles E. Hughes as practically certain.

"Mr. Hughes will get 150,000 or more above the Bronx," said Mr. Woodruff. "Mr. Hearst cannot get more than 50,000 plurality in the Greater City, according to the computation of his own managers, and in my opinion the Greater City will come close to giving Mr. Hughes a plurality. If it does not give that, Mr. Hughes will carry Brooklyn, Queens and Richmond, and Suffolk and Nassau counties ought to give a plurality big enough to give Long Island to Mr. Hughes by nearly 75,000. I wouldn't be at all surprised if Mr. Hughes got 250,000 above the Bronx."

"Many things combined point to Mr. Hearst's defeat. The McCarren move in Brooklyn, the Osborne move in Albany; the McCarren-Crocker cablegrams, the Root speech at Utica; the Rock incident in this city—all are indicative of a sentiment opposed to Hearst."

Had to Give Up.

Madison, Wis., Nov. 5.—Governor Davidson, who was obliged to give up his campaign last week and who has been ill with sciatic rheumatism since, was reported worse today, and may not be able to speak at the republican rally with Senator Spooner tonight or go home to Soldier's Grove Tuesday to vote.

Solidly Democratic.

Dallas, Tex., Nov. 5.—It is generally conceded that the full democratic state ticket and the democratic candidates in all congressional districts will be elected in Texas tomorrow. The indications are for fair weather and a heavy vote.

Both Predicting.

Wilmington, Del., Nov. 5.—Chairman L. Heister Ball, of the New Castle county republican committee, predicted a republican victory in Delaware tomorrow by about 3,000 majority and the election of a republican legislature. Thos. F. Bayard, of the democratic convention, declines to make a prediction but says he is hopeful. It is the opinion of the best informed politicians that the election will be closer than it has for several years and that the democrats may secure a majority in the legislature even if they lose their congress and state ticket.

Quiet in North Carolina.

Raleigh, N. C., Nov. 5.—The election tomorrow will be quiet in this state except in the eighth congressional district, the contest between Blackburn, republican, the incumbent and Hackett, democrat. Only one state officer, corporation commissioner will be voted for. The indications are that a large vote will be polled, but interest is dull.

In West Virginia.

Richmond, Va., Nov. 5.—In the congressional election tomorrow the vote will be light. The democrats will carry without doubt all the districts except the ninth, now represented by a republican. Both sides claim the district with the chances in favor of the democrats.

Great Interest at Capitol.

Washington, Nov. 5.—Official Washington is looking forward to the results of the election in 42 states to-morrow with many evidences of anxious interest. The president is most

CREW SUFFERING FROM EXPOSURE.

By Associated Press.

Reston, N. B., Nov. 5.—The fierce storm which has been raging here since last Wednesday, resulted in such prostration to telephone and telegraph wires that communication is only just being renewed. Thursday the 600 ton Norwegian bark Adeona went ashore on the north reef and she is now almost a total wreck. The high wind and heavy seas have prevented succor being sent to the crew of twelve men.

The weather is cold and the crew is suffering from exposure. The schooner Alexander, Captain Herbert, lumber laden, and outward bound, went ashore. It is believed that she can be saved.

CAPTAIN REPORTS DAMAGE TRIFLING.

By Associated Press.

Washington, Nov. 5.—The report of Capt. Seaton Schroeder, commanding the Battleship Virginia, upon the collision of that boat with the Monroe, of the Old Dominion line, in Hampton Roads last Saturday, was received at the Navy department today. It confirms the press report of the accident, showing that the Monroe was drawn into the port quarter of the battleship by the suction of the screws of the latter and that the damage that ensued was trifling, consisting so far as the battleship was concerned, of the injury to one three-inch gun and mount, the gangways of several boat davits, some bunks and the paint of the ship.

In accordance with the regulations, Captain Schroeder stated that he would appoint a board of officers from the Virginia's complement to make an examination and report upon the affair.

WANTS TO KNOW WHY MORAN DOESN'T ACT.

By Associated Press.

New York, Nov. 5.—District Attorney Jerome has not yet taken any action on the request of District Attorney Moran of Boston to aid him in obtaining evidence against the so-called Tobacco trust. Mr. Jerome said today that he has not finished reading Mr. Moran's letter.

"How am I going to get the evidence?" he asked when questioned about the matter today.

"Why doesn't Mr. Moran get it himself? I haven't read through his letter yet and don't know what it contains. However, I'll look into it and answer Mr. Moran."

TRICK DIDN'T WORK AS IT DID IN OHIO.

By Associated Press.

Knoxville, Tenn., Nov. 5.—The Tennessee supreme court holds that the inmates of the national soldiers home at Johnson City, Tenn., have a right to vote next Tuesday unless their votes are challenged at the polls. The court declared permanent inmates of the home are not citizens of Tennessee, but those inmates who have homes outside of the government reservation are citizens of the state. Many inmates are from other states. The court ruled that mandamus proceeding seeking to prohibit these old soldiers from voting, was not the proper remedy and consequently the petition was dismissed. The litigation was precipitated by the animated congressional race in the first Tennessee district.

1906 APPLE CROP KING OF THEM ALL.

By Associated Press.

New York, Nov. 5.—The apple crop in the United States has just been estimated at 36,120,000 barrels. This is 12,626,000 barrels more than the 1905 crop.

The estimated crop in New York state is 4,900,000 barrels, larger by 1,000,000 barrels than the production in any other state. The estimated New York crop equals the crop in Maryland, Virginia, West Virginia, Kentucky and Tennessee combined, and if equally distributed to the people of the state would give half a barrel to each man woman and child.

Perkins, vice president and manager of domestic agency of the New York Life Insurance company, both of New York city, both have been summoned to appear before State Insurance Commissioner Folk next Thursday. A number of district managers of both companies throughout this section have been summoned. The summons is for the purpose of continuing an investigation commenced by Commissioner Folk last week.

HARRY WOULD LIKE A TRIAL QUICKLY.

New York, Nov. 5.—"My trial cannot come too quick for me. I expect a quick vindication." This was Harry K. Thaw's written reply to a query sent to him today in his cell, concerning a report that he may be put on trial during the present week for the murder of Stanford Khlte.

It is generally believed by those who are close to both sides that neither the district attorney nor Thaw's lawyers are ready to go on with the case immediately.

Looks Blue for Thaw.

New York, Nov. 5.—Mr. Smythe said that there is not much chance of beginning the Thaw trial before the first of next year, as Recorder Goff is yet to give his decision on the order prohibiting the district attorney from securing evidence by subpoena. He said also that District Attorney Jerome, who will conduct the prosecution personally, has a great deal of work to do in preparation for it.

By Associated Press.

Portsmouth, Eng., Nov. 5.—A mutinous outbreak on the part of five hundred to six hundred sailors last night made it necessary for the immediate mobilization of the entire force in the naval barracks here in order to prevent the affair from developing into a serious mutiny. The men had assembled in the gymnasium when the senior officer, a man of short stature, wishing to administer a reprimand for breach of discipline, ordered the front ranks to kneel so that he could see the men in the rear. The order was resented and some of the sailors who refused to obey were arrested.

Their comrades, aggrieved, ran amok, wrecked the canteen and other premises and started to break out of the barracks with the intention of wrecking the quarters of the obnoxious officer and were only prevented from doing so by the fixed bayonets of an overwhelming force. A number of the men who attempted to break out of the barracks were arrested.

By Associated Press.

Atlantic City, N. Great interest is still centered in the investigation and a large crowd was in attendance when the first witness was called.

ELECTION DAY.

(Continued from page 1.)

largely concerned in the outcome in New York state where through Secretary Root he has made known his attitude regarding the situation. The president is particularly anxious too that the next house shall be of his political faith. Although the republicans are willing to admit that the democrats are to make gains over their present representation in congress, yet they do not concede the former all they are claiming. Both parties have directed their final energies to the states where the fight is closest.

Although denied the right of suffrage, local Washington, because of the presence of the national government takes the greatest interest in the outcome. Many of the clerks, both democrats and republicans in the various departments who still hold their legal residences in the states from which they were appointed have gone back home to vote. Only the democratic congressional committee has maintained headquarters in Washington and this fact makes the local element largely dependent upon outside sources for the "straws" which show the way the political wind is blowing.

Missouri Well Worked.

St. Louis, Nov. 5.—Representatives from various points in Missouri indicated unusual activity to secure a full vote tomorrow. There is scarcely a town of any size that has not been visited by speakers of both the republican and democratic parties and fair weather prevailing it is probable that Missouri will poll a heavy vote. The republican claim of carrying St. Louis is not largely contested but the democrats feel equally sure of the state.

Out in the Jungle.

Oklahoma City, Okla., Nov. 5.—The campaign for delegates to the constitutional convention which will convene November 26th to form a constitution for the new state, closes today. One hundred and twelve delegates will be elected, 55 from Oklahoma, 2 from Osage Territory, 55 from Indian Territory. Both parties claim the election. Districts are small and the election will turn on local conditions. An estimate of results is difficult.

Bad Time to be Sick.

Milwaukee, Nov. 5.—All political parties have arranged for the wind up of their campaigns throughout the state tonight. Governor James O. Davidson, who it was expected would close for the republicans with a speech in Milwaukee is suffering from rheumatism and has sent his regrets. He will be represented by his running mate, Wm. D. Connor, candidate for lieutenant governor.

John M. Aylward, democratic candidate for governor, who has made a thorough speech-making tour of the state, expected to close with a speech at Madison, but at the last moment the speech was called off.

Wm. R. Taylor, candidate for governor on the social-democratic ticket has personally visited and has made speeches in every town and city of importance in the state and his party expects to show an increasing vote over two years ago.

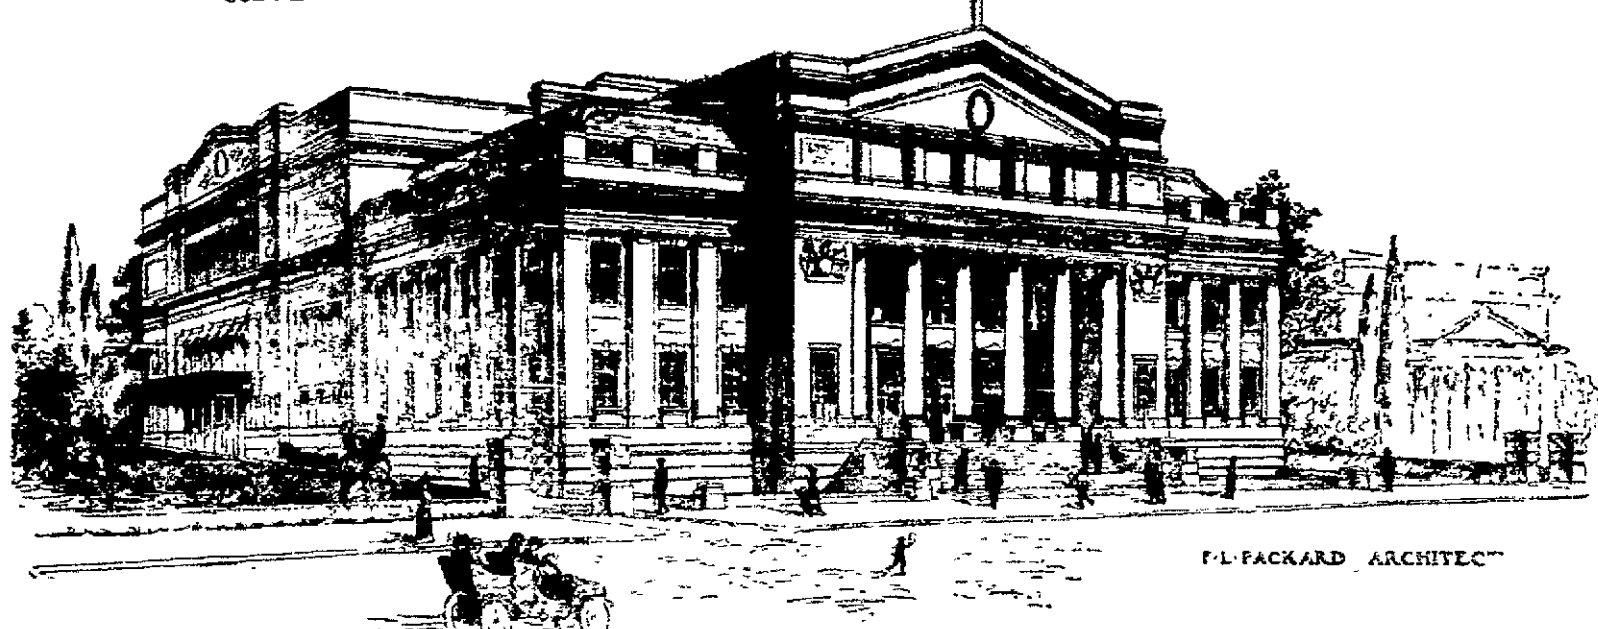

New York Situation.

New York, Nov. 5.—Today will witness the closing scenes in one of the most remarkable campaigns in the history of the entire state. By midnight the last public word will have been spoken and nothing will remain but the story to be told by the ballots themselves. Who the hero of the tale will be cannot be forecasted with any certainty. Old time methods of anticipating the results of an election have been rendered almost useless. Party lines in many sections of the state have been almost if not quite obliterated; political affiliations of a life-time have been thrown aside, and thousands of voters tomorrow will follow their chosen leader rather than any party. As an illustration of the codes which exist, the respective leaders of the great parties, basing their estimates upon what they claim to have been careful, painstaking canvasses, have reached widely different conclusions as to what the result will be. The managers of the republican and democratic and independence league campaigns each has announced himself as convinced that his candidate will have a plurality of at least 200,000 votes.

In some other years the Monday immediately preceding the election has been largely a day of rest or has been devoted to the quiet work of arranging the last details in preparation for the real struggle which is to come. Not so today, however. As from the very first the two leading candidates have a strenuous schedule before them. Chas. E. Hughes, the republican candidate for governor, will address seven meetings this afternoon and evening in various sections of New York. Wm. B. Hearst, the democratic and independence league candidate, will address three and possibly four meetings tonight.

Fears that the ballots for use in the Greater New York in tomorrow's election might not be printed in time for distribution as a result of the delay arising from the nomination contests in New York county were end-

REMEMBER THIS WHEN YOU VOTE.

FRANKLIN COUNTY MEMORIAL
COLUMBUS, OHIO

F. L. PACKARD ARCHITECT

FRANKLIN COUNTY MEMORIAL HALL.

The voters of Allen county, who go to the polls to-morrow, will be presented with a separate ballot in addition to the regular ticket, and it will ask for their endorsement of a plan to erect a memorial hall in Lima.

The ballot will read:

For the erection and maintenance of a memorial, building in commemoration of the services of the soldiers, sailors and marines and pioneers of Allen county.

A cross mark before the word "Yes" will help to carry the proposition. A

cross mark before the word "No" will help to defeat it.

The resolution, unanimously passed by the county commissioners, was endorsed by both the democratic and republican executive committees and also at both conventions without a dissenting voice.

It is not a political proposition. If the voice of the people favor it, the building will provide headquarters for the G. A. R. the Pioneers and the Spanish war veterans. It will contain a museum, where all the valuable historical data of the county, flags and

relics will be gathered together for preservation. It will contain a parlor, with closets and lavatory for the accommodation of the farmer and his family, and an auditorium that will seat several thousand people.

Such an auditorium is a necessity in Allen county, as it offers opportunities to secure state and national conventions of a political, civic or fraternal nature, and thus bring, several times a year, thousands of strangers from other cities and states.

The entire county votes on the proposition, and if anyone asks you

what it means in the way of taxation, answer by saying:

If you are on the tax duplicate for \$1000 it will cost five cents a year, for ten years or a total of 50 cents.

If you are on the tax duplicate for \$10,000, it will cost fifty cents a year for ten years, or a total of \$5.00.

Figure the cost proportionately and then ask whether you can afford to vote against a proposition of so much importance to the city and county.

Lima's vote, at least, should be unanimous.

ed today. Early today the last of the 2,004,000 ballots required came from the press and the work of distribution to the polling places was begun. A little over 72 hours was consumed in printing the ballots.

Exceedingly Doubtful.

San Francisco, Nov. 5.—The political campaign will close all over the state tonight with a general outlook of a more mixed character than ever before known in the history of the state. This especially so in regard to the election of governor. While all parties express the utmost confidence in the outcome, a number of outside issues and change of residences brought about by the recent disaster in San Francisco, will materially change the complexion of the voting. Several counties heretofore could have been depended upon for a majority for one side or the other. From all indications a large vote will be cast over the state.

Looks Democratic.

Little Rock, Ark., Nov. 5.—The indications today are that the democrats will carry all the seven congressional districts of Arkansas in tomorrow's election. There is practically no opposition in six of the districts. In the Fourth, George Tillis, republican, has made a great effort to defeat W. B. Cravens, democrat, and during the campaign Vice President Fairbanks and Secretary of the Treasury Leslie M. Shaw made speeches in that district. The vote will be light and little interest is manifested.

Election Day Weather.

Washington, Nov. 5.—The weather bureau at noon today issued the following special election forecast:

Fair weather and moderate temperature is indicated for Tuesday generally over the eastern half of the country and also in the middle western and southwestern states, rain in Minnesota and Dakota and rain or snow and colder weather in Wyoming, Montana and the interior of Washington and Oregon.

No Chance For Dusen.

New Orleans, La., Nov. 5.—A apathetic condition prevails in the congressional campaign in this state. The only show of fight made against the democrats is in the seventh district, where C. C. Dusen, republican, opposes Representative Pujo. Owing to Dusen's late start in the canvass, and the curtailing of the negro vote his race is expected to prove futile.

Decidedly Democratic.

Montgomery, Ala., Nov. 5.—Chairman J. Craig Smith, of the state democratic executive committee is confident that there will be a larger democratic vote polled Tuesday than in several years, and every state and congressional nominee of the party will be elected by increased majorities.

Lack of Interest.

Charleston, W. Va., Nov. 5.—After another active campaign, the republicans claim four of the five congressional districts. More interest is shown in the fight for legislature but the democrats have so many odds to overcome that the prospects for them is not bright. There has been a lack of interest apparent throughout the state.

Out in Nebraska.

Lincoln, Neb. 5.—Both the republicans and the Fusionists are claim-

ing the Nebraska legislature, to be chosen tomorrow, and which will elect a U. S. senator to succeed Joseph H. Millard. The fight in many of the legislative and senatorial districts is exceedingly close, with the chances favoring the republicans, but with the democrats, aided by most of the populists, contesting every inch of ground.

The indications are that George L. Sheldon, republican, will be elected governor over ex-Congressman Shallenberger, Fusionist. The republicans claim the election of the entire state ticket by pluralities ranging from 5,000 to 15,000. The vote in the cities will be heavy. Both parties fear, however, that the farmers will stay in their fields, and that the vote in many districts will be light.

Can't Work—Must Vote.

St. Paul, Minn., Nov. 5.—Notwithstanding fears to the contrary, reports from the state indicate that, nearly, if not a full vote, will be cast at the election in South Dakota tomorrow. The fact that the ground is very moist from recent excessive rains and will prevent farmers resuming work threshing, assures a heavy vote. The republicans count on receiving 63,000 to 70,000 of the 100,000 votes which is to be cast. At best the democrats only hope to hold their vote of two years ago.

Hoosiers Have Finished.

Indianapolis, Ind., Nov. 5.—With the exception of a meeting tonight at Richmond by Rev. Thomas H. Kuhn, democratic candidate for congress in the sixth district, the campaign in Indiana closed Saturday and activity today is confined to the county headquarters of the political parties. Plans for getting out the votes are being completed and the final details arranged.

The results seem to be a question of republican majority with the congressional representation unchanged.

Defeat Is Expected.

Phoenix, Ariz., Nov. 5.—Partisans of joint statehood have closed their campaign. Parting shots against the project will be given tonight in the larger towns where republicans and democrats will hold final meetings. Defeat of jointure in Arizona is admitted by all, estimate of vote in its favor being from 15 to 20 per cent over the total vote.

Music and Red Fire.

Salt Lake City, Utah, Nov. 5.—The American party paper, the Tribune, comments this morning on the fact the voting machines to be used for the first time tomorrow, were allowed tickets will be voted tomorrow.

housers over Sunday, although they were removed from other places Saturday. There was music and red fire today, but no political meetings.

Farmers Too Busy.

Fargo, N. D., Nov. 5.—The campaign closed here Saturday night with a rally at which Senator McCumber spoke to a large crowd. There was considerable enthusiasm. The fact that farmers throughout the state have been too busy to pay attention to politics argues that straight tickets will be voted tomorrow.

Statehood Looks Winner.

Santa Fe, N. M., Nov. 5.—The apathy on the statehood question is very noticeable in contrast to the bitterness over the fight on the local tickets. It is believed that of fifty thousand voters, 10,000 will be blank on Statehood. Fifteen thousand will

be against statehood, most of these cast by the natives of northern New Mexico, while statehood will have 10,000 majority. There is no doubt about the re-election of Delegate Wm. H. Andrews by 6,000 majority and the election of a republican legislature.

Election Day Order.

Washington, Nov. 5.—Following a conference with the President today, Secretary Bonaparte announced that an order would be issued allowing employees at navy yards sufficient relief from their duties tomorrow to enable them to cast their votes.

Opinion Backed Up.

St. Paul, Minn., Nov. 5.—Today will see the finish of a hard fought gubernatorial campaign in Minnesota. Notwithstanding the strenuous efforts of both candidates for this office, the campaign as a whole has furnished more exciting than any contest in the past.

Each party is hopeful of electing their candidates and some of the democratic leaders are so confident of Governor Johnson's re-election that they have on deposit \$10,000 to back up their opinion. On the other hand the republicans claim that A. L. Cole, will be elected by a 20,000 majority. With the exception of the second and sixth congressional election districts where something of a war has been waged against the republican candidate for congress, it is generally conceded that all the republican candidates will be elected.

Expect Light Vote.

Nashville, Tenn., Nov. 5.—The contest in Tennessee between M. R. Patterson, democrat and H. Clay Evans, republican, for governor is close. Both parties claim the election by from 20,000 to 30,000. The vote is expected to be light on account of serious disaffection in democratic ranks, upon which hope of republican success is based.

Easy for Georgians.

Atlanta, Ga., Nov. 5.—Three judges of the state courts of appeals authorized by the last legislature and eleven congressmen are to be elected by Georgia voters tomorrow. Expecting in the first congressional district, the democratic nominees for the fourteen offices have no opposition. It is not likely that a heavy vote will be polled.

Expect Heavy Scratching.

Denver, Colo., Nov. 5.—The republican campaign managers are centering their final efforts in an attack upon the sentiment which it is believed has developed in favor of the candidacy of Judge Bent Linsay, who is running independent for governor. The belief is that the greater portion of the votes cast for Linsay will come from republicans dissatisfied with present affairs. Chancellor Henry M. Buchtel, republican candidate for governor, was scheduled for two speeches today, the announcement stating that republicans interested in the Linsay movement were especially invited. It is predicted that at the election tomorrow scratching will be very heavy.

Proper Spirit in Kansas.

Topeka, Kas., Nov. 5.—It is asserted by the organizers of the different political parties today that almost a full vote will be gotten to the polls. Members of the legislature which will select a United States senator or to be chosen. The most spirited fight is believed waged upon Governor E. W. Hoch and the republican nominees for railway commissioners. The old soldiers,

however, complain that the present republican supreme court judges have not treated them fairly in the matter of appointments. Chairman Crummer of the republican committee, predicts the election of Hoch by 4,000. Mr. Ryan of the democrats says W. A. Harris, will be elected for governor by 30,000.

Foolish Iowa.

Des Moines, Ia., Nov. 5.—Iowa will go republican by 50,000 plurality, according to the estimates and predictions of the republican central committee and will go democratic by a plurality between 20,000 and 30,000 according to the democratic estimate. Between 20,000 and 25,000 republican is conservative estimate.

Up in New Hampshire.

Concord, N. H., Nov. 5.—The chairman of both the republican and the democrats' state committees, today declined to issue statements as to tomorrow's prospect. The campaign for no license and the close contest for governor, has practically absorbed all interest, almost completely beclouding the canvass for congress. The democrats concede the election of both republican congressmen, Charles A. Sullaway, in the First district, and Frank D. Currier in the Second district.

Proper Mississippi.

Jackson, Miss., Nov. 5.—Mississippi will return the democratic candidate in each congressional district tomorrow. General apathy prevails and a moderate vote is expected.

Cured of Bright's Disease. Mr. Robert O. Burke, Elmora, N. Y., writes: "Before I started to use Foley's Kidney Cure I had to get up from twelve to twenty times a night, and I was so bloated up with dropsy and my eyesight was so impaired I could scarcely see one of my family across the room. I had given up hope of living, when a friend recommended Foley's Kidney Cure. One 50 cent bottle worked wonders and before I had taken the third bottle the dropsy had gone as well as all other symptoms of Bright's disease." Wm. M. Melville, old postoffice corner.

APPLES WITH
VAN CAMP CREAM CUSTARD.

DON'T use tasteless "make-believes" in home cooking. You can't save enough in using them, to make it worth while spoiling dishes. Don't use mere skimmed Milk in making Custards when Van Camp Sterilized Cream is now so very cheap—only 10 cents a can.

Van Camp's Cream is solely and purely rich milk, with nothing added to thicken, or preserve it, and with two-thirds of its moisture taken out by evaporation, within two hours after it leaves the cow.

It is sealed in air-tight cans of about a pint each. In these it will keep sweet for years, and may be used, a can at a time, without waste. A case of Van Camp Sterilized Cream on hand is like having a Cow in the pantry, without the trouble of milking her. There are 48 cans of Cream in each case, and the whole 48 will only cost you \$4.50 from your Grocer. Get a case or a can, today, and try it for Coffee, Tea and Cooking.

Make Custard, or Cyster Stew with it, and you'll never use mere Milk, nor expensive fresh Cream for these again, so delicious is the flavor of "Van Camp's Sterilized Cream."

ELECTION DAY

Will Not Bring Out a Heavy Vote

According to the Views of Both Allen County Chairmen.

NEXT TO LOCAL FIGHT

The New York gubernatorial Contest Commands Attention.

Allen County is Safely Democratic on the Entire Ticket.

Regardless of party preference we present today the forecasts of the two county chairmen.

Both are seemingly satisfied with the pre-election canvass, but no poll having been taken this year, actual figures are not as easily to be found, as in former years.

There has been an unprecedented amount of gumshoe work in this campaign, and every political worker in close touch with situation leaves it to the number of voters who get to the polls. It is up to the individual this year, and the American citizen is put on his honor to perform the duty which his nation demands. With a full vote out, democrats are confident of a big victory, and the past two days has seen a wonderful awakening which predicts almost the normal vote.

It will be remembered that there are three county candidates to elect; a judge of the circuit court, a congressman; and in addition the state ticket. Mr. Hoskins is conceded a very complimentary majority in old Allen and it is a desire that this be made as large as possible. Mr. Tou-Velle will also go out of Allen with several hundred votes to spare, if his managers have correctly felt the public pulse.

Barring local issues, more interest centers in the New York campaign

Based on my opinion on a careful canvass and conservative reports made by the county committeemen, I feel assured that the entire democratic will carry in Allen county with majorities ranging from 800 to 900. The total vote cast will be somewhat light but the democratic party will hold up its proportion to a perfectly safe figure. The congressional contest, as it now stands, indicates that Mr. Tou-Velle will receive practically the same vote as that which will be cast for Mr. Hoskins, on the head of the ticket, and he will carry Allen county by from 800 to 900. The candidacy of Rosser, the republican candidate, is not taken seriously and I doubt if he will receive the full support of his own party in this county.

"KENT W. HUGHES, Chairman Dem. Co. Ex. Com."

Chairman Downing's Forecast. The republican chairman looks for a large republican vote to be cast in the city of Lima; and expects a falling off in the country. He refuses to give majorities, or any estimates on results, but is pleased with the situation.

than any other. Hearst remains a very strong choice with the spectators, who can get New York odds. With Wall Street followed as a criterion, Hughes money will be quickly taken tonight, at anywhere from four to one, down to three to one. Wall street, however, is offering five to one in big blocks and four to one in quantities, with many wagers recorded.

STABBING IN CELINA

The Knife Being Used by a Lima Man Now Under Arrest.

Edward Dine, a carriage painter employed by the Palmer & Owens company in this city, but whose family resides in Celina, was arrested late Saturday night, charged with having stabbed Lawrence Gibney, 22, son of T. J. Gibney, a Celina plumber.

According to reports from Celina the men had been drinking and got into an argument in front of a saloon. In which the fact that Dine's young daughter had been recently sent to the state girls industrial school at Delaware was brought up. Dine, it is said resented an insult to the daughter by Gibney, and pulling a huge knife from his pocket, stabbed the speaker, who dropped in a pool of blood. Two hours later Dine was arrested and is still held. The condition of Gibney is in no wise fatal, and he will recover, his wounds not being of a deep nature.

TWO FOR THE WORKS

Result of the Day's Grind in Mayor's Court This Morning.

A REAL BUSHWACKER

One of the Prisoners Drawing the Big Prize.—Other Cases.

Two prisoners who were a portion of the grind in mayor's court this morning drew work house sentences as the penalty for their alleged misdeeds. The victims were Dick Winfield, a stranger who boasted that he was a Bushman from Australia, and George Butler, a well known local character who has been in mayor's court in this city on several former occasions. Winfield pleaded guilty to a charge of assault. Each drew a prize in the form of a fine of ten dollars and costs and a term of thirty days imprisonment in the Toledo work house.

The other prisoner of the morning gained were as follows:
J. B. Johnson, charged with exposure of person, deposited \$15 bail for appearance later.
J. Colton and Herbert Harrison, drunkenness, \$1 and costs each.
Albert Frazier, riding trains, \$1 and costs.
L. C. Wagner, disorderly conduct, fined \$5.00 and costs.

A REASON WHY.

The Hibernian convention meets in Lima in 1935, when from 200 to 1,200 delegates from all over the state will be here. This is one opportunity for the use of the Memorial Hall which will be voted, regardless of politics, should vote for it unanimously.

Just below where the stovepipe from
the kitchen had been placed, only on
the opposite side of the partition, and
of course when the fire was started
in the stove, the wad of paper became
ignited. Mrs. Harper was alone at the
time, and noticing a great deal of
smoke, ran into the street crying "fire."
A passer-by heard her and being
near the alarm box, sent in an
alarm before investigating. No dam-

Quiet Wedding.
Last evening, the Rev. Sims was
called to his home on south Central
avenue from a session of the Epworth
league at the church, and when he
arrived at the house was confronted
by a pair of fond lovers who wished
to be made man and wife, and upon
presenting the necessary papers the
reverend gave them his benediction,
congratulated them, and they departed
for other scenes, each wearing a smile
of contentment and joy.

Card of Thanks.

**ALL DEMOCRATS AT THE COM-

A MOUNTAIN OF GOLD

cured a running sore on her leg,
which had tortured her 23 long years.

BODIES.
**Kidney Diseases Cause Half the Com-
mon Aches and Pains of Lima
People.**
As one weak link weakens a chain,
so weak kidneys weaken the whole
body and hasten the final breaking
down.
Overwork, strains, colds and other
causes injure the kidneys, and when
their activity is lessened the whole
body suffers from the excess of uric
poison circulated in the blood.
Aches and pains and languor and
urinary ills come, and there is an
ever-increasing tendency towards dia-
betes and fatal Bright's disease.
There is no real help for the sufferer
except kidney help.
Doan's Kidney Pills act directly on
the kidneys and cure every kidney
ill. Lima cures are the proof.
L. Van Pelt, 121 south Union
street, Lima, O., says: "Time has
only served to increase my apprecia-
tion of the value of Doan's Kidney
medicine. In a statement made in
1896 I told how this remedy procured
at Melville's drug store freed me
from attacks of backache, which ex-
tended clear up to my shoulder
blades, and lameness through the
loins. In order that residents of
Lima might know that I was sincere
I confirmed my testimony in 1898,
and I am glad to still further strength-
en the statement with evidence
which lapse of time can only furnish."
For sale by all dealers. Price 50
cents. Foster-Milburn Co., Buffalo,
New York, sole agents for the United
States.
Remember the name—Doan's—
and take no other.

Women are always grumbling at
their grocers. Wouldn't it create a
great sensation if a woman should
horsewhip her grocer for failure to de-
liver her groceries on time?
A Reliable Remedy for Croup.
Mrs. S. Rosenthal, of Turner, Mich.,
says: "We have used Chamberlain's
Cough Medicine for ourselves and
children for several years and like it
very much. I think it is the only
remedy for croup and can highly re-
commend it." For sale by all drug-
gists.
The writer of this, who is some-
what timid about marriage, would
marry in a week if he could find a
woman who would love him as an old
maid loves her sister's children. The
nicest thing in the world is the ad-
miration an old maid has for her sis-
ter's children, particularly when they
are little.

LINGERING COLD
Withstood Other Treatment But
Quickly Cured by Cham-
berlain's Cough Remedy.
"Last winter I caught a very se-
vere cold which lingered for weeks,"
says J. Urquhart, of Zephyr, Ontario.
"My cough was very dry and harsh.
The local dealer recommended Cham-
berlain's Cough Remedy and guaran-
teed it, so I gave it a trial. One
small bottle of it cured me. I be-
lieve Chamberlain's Cough Remedy
to be the best I have ever used."
This remedy is for sale by all drug-
gists.
Some women are such uniformly
poor cooks that the only difference
from day to day is that the pie crust
yesterday tasted as if something had
been left out, and today as if too
much of something had been put in.

A Good Liniment.
When you need a good reliable lin-
iment try Chamberlain's Pain Balm.
It has no superior for sprains and
swellings. A piece of flannel slightly
dampened with Pain Balm is superior
to a plaster for lame back or pains
in the side or chest. It also relieves
rheumatic pains and makes sleep and
rest possible. For sale by all drug-
gists.
It seems from the evidence spread
on the table that a woman thinks
and thinks and thinks, and the result
is less change in the bill of fare than
there is in the fashion of dress worn
by women in a community settlement.
A man shot at a rabbit, but the shot
apparently only served to increase the
rabbit's speed. "You didn't get him,"
a companion said. "Well," the hunt-
er replied, "if I didn't get him, I cer-
tainly helped him along considerably."

A BRAKE ON SUCCESS.
**The Habit of Making Excuses Will
Retard Any Man's Career.**
Good excuses have kept back many
a man from reaching a prosperous ca-
reer. Once you get the excuse making
habit formed you might as well have a
ball and chain attached to your neck
so far as your prospects for rising to
the top are concerned.
There are two kinds of excuses which
keep a clerk in the business world oc-
cupying a clerk's position when he is
capable of doing better. The first class
of excuses are the ones he makes to
himself. These are often as enervat-
ing, subtle and death dealing as the
nasty cigarette.
A clerk sees a piece of work which
he knows ought to be done today. He
knows that the best interests of the
business require that this work should
not be put off until tomorrow. But he
has not yet reached a point where he
realizes that his employer's interests
are identical with his own, and per-
haps he was out late last night and
feels a lack of ambition today. So he
excuses himself from doing the work
on the ground that "the boss" didn't
tell him to do it today. After soothing
his conscience with this specious men-
tal dope he puts in his spare time read-
ing about the way Flobert knocked out
Casey in twenty-one rounds. Several
days later when the neglected work
comes under the eye of "the boss" our
clerk is asked why he did not do it,
and he then repeats his stereotyped
excuse that he wasn't "told" to do it.
For such a one the gateway to success
is always barred.
This brings us to the second kind
of excuse, that made to one's employer.
Of the two this latter kind of excuse is
the less injurious to the clerk's chance
of advancement. When he excuses
himself from doing obviously impor-
tant work he instills into his own
mind a subtle mental poison, a don't-
care-a-hang essence that breeds lack of
backbone, lack of concentration, lack
of continuity and application. He weak-
ens and incapacitates himself far more
when he excuses himself to himself be-
cause he will then often allow his mind
to dwell on excuses so weak that he
would never dream of giving them
verbal utterance in the presence of his
employer.
And when he has once set the men-
tal habit of excusing himself he goes
on and on binding the fetters which
will forever hold him back from any
rise. It is now only a short step to
finding good excuses for not doing
what he has been told to do. Then a
little further along on the same line it
will be strange indeed if he does not
land himself on the boot too that ele-
vates the incompetent and deposits
them outside in the cold world.
Shun excuses.—Spare Moments.

POINTED PARAGRAPHS.
It must be tough to hate a man
everybody else likes.
"I am sorry" does about as little
good as anything in this world.
If you want to keep your friends you
must occasionally leave them alone.
You can shave your whiskers off
quicker than you can get them back.
Nearly every man is henpecked, but
a good many manage to disguise the
fact.
People talk about the importance of
"taking it easy." Some people take it
too easy.
The one thing that stands by you,
keeps you interested in life and is al-
ways the same is your regular work.
When a woman bluffs she seldom
has anything better than a bobtail
furch, but it takes a mighty brave man
to "call" her.—Aitchison Globe.
All a Trick.
The other day a woman and a boy
came into a shop to buy a hat. After
a time the woman was fitted to one.
Looking in the glass, she said to the
youngster:
"How do I look in this hat?"
"Like a thief," promptly responded
the boy.
The woman angrily darted toward
him, but the boy fled from the shop.
The shopkeeper laughed and thought
it all very funny until their long ab-
sence made her realize that she had
been robbed. Then she stopped laugh-
ing.—London Telegraph.
The Common School.
In higher education England is cer-
tainly the equal if not the superior of
this country, but the benefits of that
education are necessarily limited, and
limited, by the way, to those who have
no pressing need for it. In the mat-
ter of common schools, however, we
have done for our people what no
country in Europe has yet attempted.
The results have naturally been an
industrial and commercial forwardness
that has made us sometimes the ad-
miration and sometimes the envy of
the English.—St. Louis Republic.

Poor Augustus!
Augustus Imperator, with the world's
wealth at his command, "had not a

kitchen." He had not a fork, either,
or a teapot or an umbrella or a piece
of soap. In the depth of winter Augus-
tus had no covering for his limbs.—

"Jones borrowed it. Why?"
"Oh, nothing; only the fellow I bor-
rowed it of says the owner has been
asking for it."

Vote the democratic ticket, straight
to-morrow and keep the rooster at the
top of the first column on the elec-
tion ballot.

A vote for Rosser for congress is an
endorsement of the convention that
repudiated Roosevelt to saloon to
Bosses Dick, Cox and Foraker.

If the republicans of Shelby county
cannot stand for Rosser, why should
the independent members of that
party in Allen county do so?

Rosser asks the republicans and
democrats of Allen county to help
make him "strong" with Dick, Cox
and Foraker so that he can get on the
ticket for state auditor in a future
campaign.

Rosser tore Gov. Pattison's picture
down in his office in the Shelby county
court house and now asks support
from the democratic party to send
him to congress. Let the democrats
and Roosevelt republicans vote for a
congressional candidate who will re-
spect the memory of our famous
governor and stand by the principles
of the people in the national congress.

If state employees can afford to pay
the 3 per cent. assessment on their
salaries made by the tick machine,
then their salaries are too large and
should be reduced to that extent and
the 3 per cent. kept in the state treas-
ury for the benefit of the taxpayers.
On the other hand, if the assessment
is a burden to the employees its ex-
action is an outrage and should not be
permitted by Governor Harris. It can-
not be justified in any event.

Republicans all over the state by
the thousands want to get rid of the
machine that has run things since
1896. They are down on bosses and
machine politicians, big and little.
They demand a new deal and a new
set of men at the helm. It is signifi-
cant that in all the coaching faithful
congressional districts the opposition
to Dick's continuance is the loudest
spoken. Candidates for only for con-
gress but on the county tickets are dis-
missing that there be a change.

DEFEAT HIS TICKET.

It is pretty tough on candidates to
say that the only way to get rid of
such a man as Dick is to defeat his
ticket at the polls, but if he controls
the convention that means that he
will name candidates and there are a
hundred thousand republicans in Ohio
who will vote against the ticket. We
regret that there is such feeling but
it is not the fault of the republicans of
Ohio who will bolt the ticket that the
feeling exists. It is the fault of the
machine itself.—Sandusky Register,

PEOPLE WANT A VOICE.

The people want a voice in choosing
their own senators. They don't want
it to be simply a game of boss politics
or trust manipulation. Mr. Dick has
already entered his protest against
this popular method by disseminating,
under his frank, Senator Hoar's
speech in opposition to the people
having any direct voice in the choice
of senators. This is an example of a
senator using his privilege as a sena-
tor in trying to suppress a sentiment
in his party.

But outside of this abuse of a sena-
tor's privilege, for which he is in-
debted to the party, the fact itself of
opposing this sentiment, which is al-
most universal, indicates that he
would put everything in the way of its
realization in actual practice. For the
people to have anything to do with the
election of United States senators
does not belong to the policy of ma-
chine politics.—Ohio State Journal,

There could be no more impressive
example of the dire consequences to
parties of the political system by
which bosses are maintained than the
situation in Ohio. The Ohio that gave
McKinley 19,000 in 1896, and 69,000
in 1900 and that gave Roosevelt 225-
000 in 1904, is a good as won by the
democratic party. For this the republi-
cans of Ohio and the country have to
thank Senators Foraker and Dick, the
able servants of the corporations have
defied the public opinion, not only of
the nation, but of their own state—
something far more serious from the
point of view of practical politics, for
the voters of the nation can't get at
Foraker and Dick, while those of Ohio
can. They have named their state
ticket. They have reneged on the state
organization to themselves. They have
had themselves gloriously
indorsed by the "party"—God save the
mark—as assembled by them in con-
vention. But now the case goes to the
jury—the voters. Every sign points
to the loss of Ohio, but the Democrats
will still hold the machine.—New

—Ohio State Journal (Rep.).

THE COUNTY TICKET.

The democracy of Allen county
have reason to be proud of the county
ticket which is presented them for
their suffrages to-morrow. It is made
up in every respect of just the sort
of material that is needed to give a
county the proper kind of public of-
ficials. There are but three county
offices to be filled, and for all of
them the democracy presents the
names of candidates who have faith-
fully served their constituents for one
term and are now candidates for re-
election.

A. J. Conrad.

The candidate for county commis-
sioner is one of the substantial citi-
zens of Richland township. He was
elected three years ago and has serv-
ed for one term. During that time
he has established a reputation as one
of the best and most capable commis-
sioners that Allen county has ever
had. He has been careful and con-
servative in handling the business of
the county. He is always found at
his post of duty and is most diligent
in the discharge of the arduous duties
of commissioner. Upon all questions
his vote, voice and influence have al-
ways been found on the side of the
taxpayers. He is honest, sober, in-
dustrious and there is no man in Al-
len county more capable than he is
for the position for which he asks re-
election. A vote for him is a vote for
the continuance of the careful work
which has characterized his public
work since his induction into office.

C. H. Moser.

The candidate for re-election for
infirmary director is one of Marion
township's most respected citizens
who was elected 3 years ago to a po-
sition upon the board of infirmary di-
rectors. He now asks a re-election
for another term. The service of
Mr. Moser upon the board has been
characterized by ability which dem-
onstrates his fitness for the position
that he now occupies. He is possess-
ed of the strictest integrity, is a good
business man and has applied busi-
ness methods to the management of
the Allen county infirmary with the
result that no charitable institution
in Ohio stands higher than does the
home of Allen county's unfortunate.

Charles E. Craig.

The candidate for election for a
second term as county surveyor is one
of the most sterling young democrats
in Allen county. His home prior to
his election was in Monroe town-
ship where he is most popular.
Elected two years ago by a good ma-
jority he has managed the important
duties of his office with great ability,
and to the perfect satisfaction of all
who have had any business to transact
with the county surveyor. He is faith-
ful, honest and industrious and the
office could not be entrusted in more
capable or responsible hands. A
vote for Charles E. Craig is a vote
for the retention in office of one of
the most capable officers ever in pub-
lic position in Allen county.

A vote for Alex Conrad for County
Commissioner is a vote for the best
election of one of the most capable
men who has ever served Allen county
in that position.

The taxpayers of Allen county,
regardless of their political affilia-
tions, know that the democratic coun-
ty officials are competent and honest
and have done the square thing in
every public transaction. The ex-

direction has been judicious and eco-

demonstrate this fact. Any published
statement to the contrary through
newspapers or circular letters at this

PATTISON'S PICTURE TORN FROM THE WALL

By Republican Candidate
for Congress.

Mr. Rosser Irretrievably
Offends His Democratic
Friends

IN SHELBY COUNTY.

Will Also Lose Republican
Support in That
County

On Account of a Flagrant
Act of Bossism of Re-
cent Date.

Sidney, O., Nov. 5.—The campaign
in the Fourth district will be brought
to a close this evening and so far as
indications now point, the closing will
be of the same quiet nature that has
characterized the campaign from the
time of its opening. There is, today,
considerable interest being taken in
the local county contests and while the
chairman of both county committees
are making claims, there is no doubt
in the minds of any casual observer
as to how the result will be when the
votes are counted out Tuesday evening.
The entire democratic county ticket
will be elected by safe majorities,
with popular Charley Marshall at the
top of the county list as the democra-
tic nominee for prosecuting attorney.

As to the state ticket, there is also
positive indication that Hon. S. A.
Hoskins will run far ahead of his tick-
et and the candidate for secretary of
state and there is a belief that, on ac-
count of the action of the republican
state convention, which insulted Presi-
dent Roosevelt by endorsing Senators
Dick and Foraker, Mr. Hoskins will
be elected.

In the congressional contest, there is
little interest taken, it being conceded
by the republicans that the candidacy
of Mr. Rosser, the republican nominee,
whose home is in this county, is not
sincere and that Mr. Rosser's only hope
is to make a showing in the district
that will attract sufficient attention
from Dick, Cox and Foraker to permit
him to get on the next state ticket as
the republican nominee for auditor
of state. Here in Sidney Mr. Rosser
will not receive the support of any of
the democratic electors and will lose
the support of many of the old line
republicans. The latter condition is
a result of the underhanded manner in
which he defeated Mr. Emery C. Mum-
ford. Sidney's popular candidate for the
postoffice appointment, for the endorse-
ment of the Sidney members of the
county committee and secured the en-
dorsement for W. C. Jackson, a new
comer from Coshocton, O., who is now
in charge of the barber shop in the
Wagner house. Mr. Mumford has al-
ways stood in the first rank of the
loyal republicans of Shelby county and
the hand Mr. Rosser played in the
fight against him will be effectively
resented by the former friends.

Mr. Rosser cannot hope for any sup-
port whatever from the democrats of
Shelby county. Such a hope is ab-
solutely now and forever out of the
question here. He irretrievably off-
ended his democratic friends here by
the offensive manner in which he tore
the picture of the late lamented Gov.
Pattison down out of his office in the
Shelby county court house, when it
could do no harm to him or his can-
didacy for congress than does the pic-
ture of the martyred President Wil-
liam McKinley, to Mr. Toulville, the
democratic candidate, in the court
house of Mercer county.

MOTION FOR NEW TRIAL

Overruled by Judge Mathers, Who

Sentenced Bates to Menfield.

Judge Mathers Saturday afternoon,
overruled the motion for a new trial
offered by Attorneys Graham and
Klinger and sentenced David Bates to
the Mansfield reformatory for the us-
ual period. Attorneys for the defense
who have taken quite an interest in
the legal questions involved in this
criminal case, have given notice they
will appeal to the circuit court. Judge
Mathers speaking to the Times-Demo-
crat representative, said:

"The newspapers are wrong about
no such case having been tried in
Ohio courts. We have a precedent
in the Schwartz case, similar in almost
every particular, and the circuit sus-
tained the common pleas, though the
case was never taken to the supreme
court."

After election, we won't be through
with our troubles: There will be our
Christmas presents to select. We give
notice now that we do not intend to
give a single Christmas present.

HALLOWE'EN

Was Fittingly Observed by
a Merry Party.

Halloween! Halloween! and a great
time in the village. It was invaded by
a merry party of masqueraders who
were royally entertained at the home
of Robert Holman.

At seven o'clock sharp the guests
arrived and were met at the door by
Robert and his charming bride (Mr.
Carey May) who looked very hand-
some with his cork-screw curls and
graceful carriage.

The rooms were decorated in a
ghostly fashion and lit by jack-o-lan-
terns, whose dim lights revealed chief
Squirrel-in-the-tree and his squaw,
Priscilla (minus John), the Japanese
lady and Gypsy, ("will you my fortune
tell") the Queen of Hearts, the
Assyrian woman, two Western girls,
the society lady, the ghost and Poc-
ahontas and the "hobo" came also.
After the "guess who" was over the,
repaired to the dining room, where
every one heartily enjoyed a sum-
ptuous supper served in three courses
in the quaintly decorated room. After
supper the evening was spent in
games interspersed with much chat-
ting and chaff.

In a prize contest of quick wits and
ready mind, Joe McHaffey and Blanche
Kinsey tied for first prize but Ralph
Heath triumphantly carried off the
booby prize, which was a fine bird
dog in a shoe box carefully con-
structed of calico and cotton.

The time was propitious, the night
beautiful and the host's mother, Mrs.
Holman, wonderful.

The guests dispersed at a late hour
and a tired but merry party will tell
ghost stories no more until old Octo-
ber leaves us again.

The many friends of Miss Florence
Irick, daughter of Mr. and Mrs. L.
Irick, of south Pierce street, will be
pleased to learn of her marriage to
Mr. Ray Red, a prominent young
man, who resides east of Delphos.
The wedding was very quiet, and few
beyond the immediate family and a
few friends were aware that the cere-
mony had been performed. The wed-
ding occurred at Elida Wednesday
evening. Mr. Jesse Red, brother of
the groom, and Miss Bessie Ditto
were witness. Mr. and Mrs. Red
will probably reside with his parents
on a farm east of Delphos, this win-

ELECTION DAY

Will Not Bring Out a Heavy Vote

According to the Views of Both Allen County Chairmen.

NEXT TO LOCAL FIGHT

The New York Governorial Contest Commands Attention.

Allen County is Safely Democratic on the Entire Ticket.

Regardless of party preference we present today the forecasts of the two county chairmen.

Both are seemingly satisfied with the pre-election canvass, but no poll having been taken this year, actual figures are not as easily to be found, as in former years.

There has been an unprecedented amount of gum-shoe work in this campaign, and every political worker in close touch with situation leaves it to the number of voters who get to the polls. It is up to the individual this year, and the American citizen is put on his honor to perform the duty which his nation demands. With a full vote out, democrats are confident of a big victory, and the past two days has seen a wonderful awakening which predicts almost the normal vote.

It will be remembered that there are three county candidates to elect; a judge of the circuit court; a congressman; and in addition the state ticket. Mr. Hoskins is conceded a very complimentary majority in old Allen, and it is a desire that this be made as large as possible. Mr. Tou-Velle will also go out of Allen with several hundred votes to spare, if his managers have correctly felt the public pulse.

Barring local issues, more interest centers in the New York campaign

Basing my opinion on a careful canvass and conservative reports made by the county committeemen, I feel assured that the entire democratic will carry in Allen county with majorities ranging from 800 to 900. The total vote cast will be somewhat light but the democratic party will hold up its proportion to a perfectly safe figure. The congressional contest, as it now stands, indicates that Mr. Tou-Velle will receive practically the same vote as that which will be cast for Mr. Hoskins, on the head of the ticket, and he will carry Allen county by from 800 to 900. The candidacy of Roser, the republican candidate, is not taken seriously and I doubt if he will receive the full support of his own party in this county.

"KENT W. HUGHES, Chairman Dem. Co. Ex. Com."

Chairman Downing's Forecast. The republican chairman looks for a large republican vote to be cast in the city of Lima; and expects a falling off in the country. He refuses to give majorities, or any estimates on results, but is pleased with the situation.

than any other. Hearst remains a very strong choice with the spectators, who can get New York odds. With Wall street followed as a criterion, Hughes money will be quickly taken tonight, at anywhere from four to one, down to three to one. Wall street, however, is offering five to one in big blocks and four to one in quantities, with many wagers recorded.

RESENTED AN INSULT

That Was Directed at the Character of His Young Daughter.

STABBING IN CELINA

The Knife Being Used by a Lima Man Now Under Arrest.

Edward Dine, a carriage painter employed by the Palmer & Owens company in this city, but whose family resides in Celina, was arrested late Saturday night, charged with having stabbed Lawrence Gibney, 22, son of T. J. Gibney, a Celina plumber.

According to reports from Celina the men had been drinking and got into an argument in front of a saloon, in which the fact that Dine's young daughter had been recently sent to the state girls industrial school at Delaware was brought up. Dine, it is said, resented an insult to the daughter by Gibney, and pulling a huge knife from his pocket, stabbed the speaker, who dropped in a pool of blood. Two hours later Dine was arrested and is still held. The condition of Gibney is in no wise fatal, and he will recover, his wounds not being of a deep nature.

TWO FOR THE WORKS

Result of the Day's Grind in Mayor's Court This Morning.

A REAL BUSHWACKER

One of the Prisoners Drawing the Big Prize.—Other Cases.

Two prisoners who were a portion of the grind in mayor's court this morning drew work house sentences as the penalty for their alleged misdeeds. The victims were Dick Winfield, a stranger who boasted that he was a Bushman from Australia, and George Butler, a well known local character who has been in mayor's court in this city on several former occasions. Winfield pleaded guilty to a charge of assault. Each drew a prize in the form of a fine of ten dollars and costs and a term of thirty days imprisonment in the Toledo work house.

The other prisoner of the morning grind were as follows:
J. B. Johnson, charged with exposure of person, deposited \$15 bail for appearance later.
J. Colton and Herbert Harrison, drunkenness, \$1 and costs each.
Albert Frazier, riding trains, \$1 and costs.
L. C. Wagner, disorderly conduct, fined \$5.00 and costs.

A REASON WHY.

The Hibernian convention meets in Lima in 1908, when from 800 to 1,200 delegates from all over the state will be here. This is one opportunity for the use of the Memorial Hall which will be voted, regardless of politics, should vote for it unanimously.
